

12th February 2026

Marubeni Chemix Corporation
Marubeni Plax Corporation

**Agreement on Integration of Marubeni Chemix and Marubeni Plax
and Business Succession from Marubeni Corporation**

Marubeni Chemix Corporation (hereinafter, "Marubeni Chemix") and Marubeni Plax Corporation (hereinafter, "Marubeni Plax") have agreed to integrate, and business succession of the trading business on Chemicals Dept-II from Marubeni Corporation (hereinafter, "Marubeni") through a company split on 1st April 2026.

1. Purpose of Integration and Business Succession

Marubeni Chemix has provided a stable supply of raw materials and functional materials to a wide range of industries through basic and industrial chemicals and life-science-related materials, also has proposed solutions based on their technical expertise.

Marubeni Plax has satisfied diverse needs, primarily in the molding and packaging industries, with selling various plastic resins, films, molded products, packaging materials, electronic materials, recycled materials, and biomass materials, and has worked to create added value through the supply chain.

By integrating the management resources of both companies with combining their chemical and plastic expertise and networks, as well as expanding the business domain to include chlor-alkali-related and inorganic chemical products succeeded from Marubeni, we aim to grow up a value-creating company that further contributes to society and the environment by accurately addressing to challenges and needs such as environmental friendliness, cost competitiveness, and functional sophistication.

2. New Company

The new company will be named "Marubeni Innovexis Corporation". This name reflects Marubeni's corporate philosophy of "Fairness (正), Innovation (新) and Harmony (和)" and our desire to be an "Innovative" entity which brings innovation to society, staying focused as "Axis" and embodying "Nexus" that connects value and human. Further details will be announced once they are decided.
